

Women's Cash Flow Night

“Create Wealth ~ It's not just about the money!”

WEALTH is the process of taking control of your finances while becoming the type of individual who creates **abundance** in those around you. The greater value you can create for those around you, the more abundance you will recognize and receive.

Anyone who wants to **enhance** their financial situation and meet like-minded women, join our group! We get together to play Cash Flow a couple times a month and share our **wealth building experiences**. It's fun and free!! (Some events offering food will have a fee to cover the cost of food.)
